

1 CHAIRMAN: Well, that there, you know, are a  
2 variety of mechanisms that people are registering under  
3 names that do not exist or people are voting under dead  
4 people's names that are on the rolls or people that are  
5 on the rolls for other reasons. And again, I'm not  
6 making a representation about --

7 REPRESENTATIVE DUNHAM: Then make it harder  
8 for me to get this. Do whatever it is, ask me whatever  
9 it is you got to ask me before you give this to me.  
10 Don't give it to me and tell me it's worthless.

11 CHAIRMAN: Well, I think you've got a  
12 legitimate point, which is that we could structure it in  
13 such a way to create more security with the documents  
14 you're providing. I'm not sure how you do that without  
15 creating barriers that you don't want to create. That,  
16 to me, is the balance.

17 REPRESENTATIVE DUNHAM: It's sort of bizarre  
18 that we're saying that the government is going to go  
19 through a process to give me this and then say it's  
20 useless. If the process for them to give me this was  
21 not thorough enough, fix the process before you give it  
22 to me, but once you give it to me, don't say copying  
23 these, okay, fine. I don't --

24 CHAIRMAN: I don't think that it's not that  
25 you can't use that but that that is not as reliable a

1 source of identification as a photo identification  
2 because it does not have your photograph on it.

3 REPRESENTATIVE DUNHAM: If the whole deal is  
4 you can't use without a photo ID, then that's what you  
5 all are saying.

6 CHAIRMAN: Representative --

7 NEW SPEAKER: Mr. Dunham, the driver's license  
8 has your photo on it. Couldn't you scan the data on the  
9 back of it and show that you're registered to vote?

10 REPRESENTATIVE DUNHAM: What I'm saying, you  
11 know, most people, and ultimately you will have a lot of  
12 people who would be able to just vote with their  
13 driver's license. That's what their doing anyway.  
14 They're showing their driver's license to sign their  
15 name.

16 REPRESENTATIVE DUNHAM: And even if a person  
17 just got a photo ID from the DPS--

18 REPRESENTATIVE DUNHAM: They do the same  
19 thing.

20 NEW SPEAKER: Still have the same --

21 REPRESENTATIVE DUNHAM: But we do have people  
22 that are in nursing homes and other places.

23 NEW SPEAKER: That's true.

24 REPRESENTATIVE DUNHAM: And they can't do  
25 that, and we don't want to put up those barriers, and so

1 if they are eligible to receive one of these and they  
2 provide the state with the information that the state  
3 says we're going to send you this, then I ought to be  
4 able to vote with it or the state, if the state didn't  
5 ask me for enough at the time, well, that's not my  
6 fault. If we have a problem with the integrity on  
7 passing these out, is that the issue? Is that the  
8 issue?

9 Is that the issue, that we shouldn't be  
10 passing these out to everybody? Is that a problem with  
11 that process? Then why don't we fix in a process rather  
12 than make me -- make it harder for me to vote. I mean,  
13 you're making me show up with extra stuff because the  
14 state of Texas can't do its job.

15 CHAIRMAN: Yes, Representative Brown?

16 REPRESENTATIVE BROWN: Your solution here  
17 would require a scanner in every polling precinct,  
18 right?

19 REPRESENTATIVE DUNHAM: Could, if they're  
20 going to use it that way. Right now, they stamp my name  
21 when I show up. I have a -- it's just like in a shop  
22 that doesn't have access to a phone, they run this  
23 through a mechanical machine and make a copy of  
24 something and they get the number down and they check my  
25 signature and I go on my merry way. I can still buy

1 something without there being a card swipe in a store.  
2 And so you're not requiring them, but you're providing a  
3 piece of ID that has more integrity in the security of  
4 it than this piece of paper.

5 CHAIRMAN: And with that credit card, there's  
6 some mechanism by which they have reason to believe it  
7 found its way to the right person because the bills are  
8 being paid on a monthly basis that are being charged.

9 REPRESENTATIVE DUNHAM: Well, is that the  
10 problem? Are these things going to the wrong people?

11 CHAIRMAN: Well, I think there's some question  
12 about it that.

13 REPRESENTATIVE DUNHAM: Well, why don't we  
14 answer that question before you make it harder for me to  
15 vote. Don't think I think maybe it might be happening  
16 so we're going to make 25 million Texans to give them an  
17 extra hurdle before they can vote because we think there  
18 might be a problem.

19 CHAIRMAN: I think the testimony is that 98  
20 percent of Texans have a driver's license or a photo  
21 identification, and so we're not, there's nothing that  
22 25 million Texans are being required to do that they  
23 don't currently do.

24 The question is, and again, I want to  
25 emphasize that this committee, and I think everybody on

1 the committee takes seriously, is how we handle that two  
2 percent that does not already have the photo  
3 identification that would be acceptable even if it were  
4 to be mandated in this legislation, which it is not.

5 REPRESENTATIVE DUNHAM: Then you give them,  
6 you give them a document issued by the state of Texas  
7 that qualifies them to vote and you allow them to use  
8 that to vote. That's what this is right now.

9 If the problem is this is insufficient, then  
10 make it sufficient. That's, that's what I'm getting  
11 at. The state of Texas is the one that gave me this,  
12 and for them now to say that we gave that to you but  
13 it's really pretty meaningless, I can figure out where  
14 to vote by reading the newspaper. I don't need to know  
15 all that stuff, so -- so give me an ID that allows me to  
16 use it to vote. Because we have -- we have a history in  
17 the state of Texas of putting up barriers for people  
18 voting. In our lifetime, they had literacy tests. In  
19 our lifetime, this was not a hundred years ago, in our  
20 lifetime, you had to answer 60 questions to vote. And  
21 so we should be very, cautious any time we put up a  
22 barrier or additional barrier for people to vote.

23 CHAIRMAN: And there has been lots of  
24 testimony by the committee in the last 24 hours that the  
25 way to handle the two percent that do not already have

1 the proper photo identification is to put in the bill  
2 some mechanism by which the state does assert itself and  
3 make a point to go out into the community and make sure  
4 that that two percent does, in fact, have a photo  
5 identification.

6 The challenge, in light of the fact that in  
7 order to get a photo identification, if you do not have  
8 a photo identification, is under current law you have to  
9 provide a birth certificate, which costs \$20 to \$40, and  
10 that's a problem. But, as a matter of principle, I  
11 don't think that anybody has disagreed that, that if we  
12 could find some way to get a photo identification in  
13 those peoples' hands, a single document that would be  
14 sufficient for them to vote, without creating  
15 unreasonable barriers, it would not only enhance our  
16 election process but it would also provide them with an  
17 opportunity to do a lot of things in their daily lives  
18 that because they do not have that document, but we do  
19 have that little issue of the economic barrier that we  
20 all take seriously.

21 REPRESENTATIVE DUNHAM: This is a solution in,  
22 in pursuit of a problem, because no one can identify the  
23 real problem that we're fixing, because no one can  
24 demonstrate that a real problem exists. There's just a  
25 solution that people want and so they're coming up with

1 a problem. The problem that was explained to me is a  
2 voter impersonation and problems with the integrity of  
3 this document that the state gives, so I came up with a  
4 solution.

5 CHAIRMAN: And I think it's an innovative one.

6 REPRESENTATIVE DUNHAM: Then people said, then  
7 people said well, you know, they're going to do it  
8 anyway. Said okay, let's send them to jail for ten  
9 years if they do it or they aid and abet in it on both  
10 ends, obtaining it and using it, and then they said,  
11 well, but you're still going to have dead people vote.  
12 Okay, let's do something to enforce the existing law on  
13 purging people from the rolls.

14 So what's the problem? If people will sit  
15 down and say that is the identifiable problem, we could  
16 come up with a responsible solution to that problem.  
17 The issue that is apparent is that this is a solution  
18 that was created on a national level to suppress voting,  
19 and so they're running around the states trying to enact  
20 a solution for problems that don't exist. So I'm trying  
21 to get to a problem, and if someone will articulate the  
22 problem, then reasonable minds can come up with a  
23 solution to the problem. If the problem is we can't  
24 figure out an articulate problem to justify voter  
25 suppression, I can't help on that.

3 No questions. Thank you.

4 REPRESENTATIVE DUNHAM: Thank you.

12 CHAIRMAN: I think it's our intent to have you

14 re-open it later for testimony.

15 REPRESENTATIVE DUNHAM: Then I will close.  
16 Just to say, I do want to add that House Bill 4421 is  
17 really only the ID piece, and 4418 is everything  
18 combined, and I have separate bills on all the  
19 combination that are going to other committees, so the  
20 Comprehensive Voter Integrity Act is 4418.

21 CHAIRMAN: So just to be clear, you are  
22 closing at this time on House Bill 4421 and 4418?

3 Hearing none. So moved.

4 At this time, the Chair lays out House Bill  
5 2513 by Representative Chairman Hobson and calls on  
6 Chairman Hobson to explain the bill.

7 REPRESENTATIVE HOBSON: Mr. Chairman, members,  
8 thank you very, very, much for allowing me to be here  
9 today. I was talking to a group of retired teachers  
10 about three years ago, a teacher name Lois Bowles, and  
11 we had all sorts of -- we had a question and answer  
12 period after their retired teachers meeting, and I said,  
13 "Are there any questions," and we got to talking about  
14 voter ID, and Ms. Bowles has been a friend of mine and a  
15 customer in my drug store for 35 years, and she said,  
16 "Chuck, you got a lot of sense." She said, "Why don't  
17 you just do like common sense approach and solve this  
18 thing?" And I got to thinking about that over the last  
19 three years, and House Bill number 2513 makes a photo  
20 identification as a part of voter registration process.  
21 The bill would allow procedures to be put in place to  
22 secure a photo of the individual as an additional part  
23 of the registration application form and the photo would  
24 appear on the voter's registration certificate issued to  
25 the voter.

1 The voter would be accepted for voting if his  
2 or her name is found on the precinct list of registered  
3 voters and the voter's identity can be verified from the

5 House Bill 2513 grants the Secretary of State  
6 the authority to enter into agreements with the  
7 Department of Public Safety or other state entities and  
8 government entities for assistance and assigning  
9 photographs to appropriate voter's registration  
10 certificate. And I think this bill is a common sense  
11 approach and it's an inexpensive way to restore the  
12 public confidence and the sanctity of the ballot box,  
13 and I would be happy to entertain any questions.

14 CHAIRMAN: How do we do it, Representative  
15 Hobson?

16 REPRESENTATIVE HOBSON: Well, I think on page  
17 four of the bill, it says, "Photo identification. The  
18 Secretary of State shall establish methods to obtain a  
19 photograph which registered voters for use on the voter  
20 registration certificate. For purposes of the section,  
21 the Secretary of State may enter into agreements with  
22 the Department of Public Safety or other state agencies

1 I think we give the Secretary of State the  
2 ability to go ahead and do this, and if we wanted to put  
3 it on a driver's license, if we wanted to -- if we  
4 wanted to have a separate voters ID that just, it's got  
5 all the information we have now, plus a picture, we  
6 could use the cardboard thing we're using now and assign  
7 a photograph to it, but this bill would give the  
8 Secretary of State the ability to work out that with  
9 other agencies.

10 CHAIRMAN: Okay. Obviously 90 something  
11 percent of the voters, if we want to just merge driver's  
12 license records with voters' registration cards, that  
13 would solve that problem, and you may be suggesting why  
14 don't we just merge pictures from DPS with voter's  
15 registration cards, and my answer has been, well, it  
16 really doesn't solve the problem because it is the  
17 voters that do not have driver's licenses that is, after  
18 all, the issue.

19 REPRESENTATIVE HOBSON: This bill gives the  
20 Secretary of State the ability to work with other  
21 agencies and get photographs, and it would be up to the  
22 Secretary of State to see that that comes to pass.

23 CHAIRMAN: And so does the voter who currently  
24 votes from their living room by simply filling out a  
25 card and who then receives a document in the mail and

1 then presumably, under this legislation, has all that is  
2 necessary to vote, either because they already have a  
3 photo ID or because they have some other document in  
4 conjunction with their voter registration card, have to,  
5 as a result of this legislation, go somewhere else  
6 presumably?

7 I mean, there's two choices, as far as I can  
8 tell. We either make them go somewhere and get the  
9 photograph or we send a roving photographer to their  
10 home.

11 REPRESENTATIVE HOBSON: And I think the good  
12 thing about this bill is it allows the Secretary of  
13 State the ability. If you say we have 98 percent of it,  
14 then the if we have to go out to take their photographs  
15 or whatever, it gives the Secretary of State the ability  
16 to work with the other agencies and see that this is  
17 done.

1 I'm sure. But to me, this is a real common sense thing  
2 to do. We have a document, whether we want to put it on  
3 the driver's license, we want to put it on -- if we want  
4 to use the cardboard thing we're using now and put their

22 possession, I'd be happy to give it to you. But it  
23 deals with the costs associated with the bill you're  
24 proposing.

25 In subsection 2, it says the first thing we

1 need is authorization to allow DPS to merge that data  
2 base into the Secretary of State's data base, and  
3 clearly your bill does that. Then it addresses costs,  
4 and the DPS, DPS estimates a fiscal impact of about  
5 \$273,000, which is a lot of money, but when you're  
6 talking legislative initiatives, certainly not very  
7 much, and it says that \$273,000 just to create a daily  
8 file with photos, and it says also here that that our  
9 agency, meaning the Secretary of State, would bear  
10 similar costs to modify our statewide system to accept  
11 this file and then be able to send it on to the  
12 counties.

13 When I talked further to Secretary of State  
14 over the phone, it was represented to me that if you  
15 took the voter's registration card distribution out of  
16 the counties and put it up at the state level,  
17 Mr. Chairman, and Chairman Hobson, you would actually  
18 save the counties a bunch of money, because they  
19 wouldn't have to administrate it.

20 Since the official voter roll is at the state  
21 level, pursuant to HAVA, that would be the logical place  
22 to do it. You have DPS, which is a state agency,  
23 Secretary of State's office, which is a state agency.  
24 You give them authorization to talk to each other, you  
25 bring up from the counties the voter's registration

1 certificate distribution process and let the state do  
2 it, get volume pricing, certainly do it for 254 counties  
3 instead of each one doing it on a one-off basis, it  
4 would certainly be more efficient from an administrative  
5 perspective, and that would drive the costs down even  
6 lower. So I think this is a very sensible proposal and  
7 I think, Mr. Chairman, your question to Mr. Hobson  
8 about, you know, what do you do for the people, either  
9 the people that, for example, Toby Moore testified to  
10 that may be anywhere between 150 thousand to 400  
11 thousand, who have no form of photo ID but are  
12 nonetheless validly registered voters, I think you phase  
13 this thing in. And for people, for example, who don't  
14 have the state ID or the driver's license or the  
15 concealed handgun license that is being merged in, you  
16 phase it in over time for these people and the Secretary  
17 of State can affirmatively go find them. I mean, they  
18 have their addresses in the voter file, right, so we  
19 know where they are. Or as they come in, you can say  
20 during the first couple of election cycles, hey, if we  
21 have not provided you a voter registration certificate  
22 with your photo on it, if the state has not provided to  
23 you, voter, you can do, you can swear an affidavit that  
24 you are the person on that voter registration card, then  
25 turn around, and at early voting locations, for example,

1 we could take a picture of you and then send you the

3 I mean, I don't think this is an all or  
4 nothing. If we look at this sensibly, phased in over  
5 time, we can create a document similar to what  
6 Representative Dunham was saying and what you're  
7 suggesting, that actually has your face on the voter  
8 registration card. I think it's a very sensible  
9 proposal and we have the technology to do it and I'd  
10 really like to work with you further on this.

11 REPRESENTATIVE HOBSON: Thank you. The things  
12 that I hear from my constituents at home, it's the same  
13 things that we all have heard for two days here. You  
14 have to show your ID to get on the airplane, you know,  
15 you have to show ID to do this, you have to show your ID  
16 to get a credit card.

17 I think this, with our photo ID on the card,  
18 sanctifies that voter, when he comes down here, that  
19 that's really something they need to do. And you know,  
20 the last time I went to Sam's Club, they took my  
21 picture; in about 15 minutes, they brought me back a  
22 document in about 15 minutes that I can use at Sam's  
23 Club all over the United States, and it's got the  
24 electronic stuff on there, and I think that our  
25 technology is here now that the state of Texas can do

1 this, and certainly for the 98 percent that we talked  
2 about in some sort of expedient manner in some way that  
3 works.

4 NEW SPEAKER: Just a real quick question,  
5 Representative Hobson.

6 REPRESENTATIVE HOBSON: Yes.

7 CHAIRMAN: So without having read all this  
8 language, basically if I understand it correctly,  
9 instead of the burden being on the voter to obtain the  
10 voter identification, you're basically placing the  
11 burden on the government to provide the photo  
12 identification to the voter.

13 REPRESENTATIVE HOBSON: That is correct, it  
14 plays the burden on the Secretary of State's office.

15 CHAIRMAN: And is it a hard photo  
16 identification requirement or do you provide two  
17 alternative non-photo IDs?

18 REPRESENTATIVE HOBSON: No, no.

19 CHAIRMAN: If you're doing it this way, it's  
20 hard photo.

21 REPRESENTATIVE HOBSON: It doesn't say that at  
22 all, Mr. Chairman. It says, "The Secretary of State  
23 shall establish methods to obtain a photograph for each  
24 registered voter to use on the voter's registration  
25 certificate," and that's what used to vote with.

1           You use this certificate that's got your  
2           identification on it and your photograph, that it's a  
3           document that the state of Texas produces that will  
4           protect the sanctity of the vote.

5           CHAIRMAN: And if you don't have that  
6           document, then you cast a provisional ballot, which is  
7           cured if you go somewhere within ten days and establish  
8           that your who you say you are?

9           REPRESENTATIVE HOBSON: That is correct, and  
10          there are several provisions in here. If you go to vote  
11          under this bill and you have your voter's identification  
12          with you now, the bill, the thing they send out now, you  
13          go in and your name is on that voters' list, just like  
14          we do now, you give them your voters thing and they say,  
15          "Oh, here, there you are," and they stamp.

16          If you do not have -- if you do not have that  
17          ability, and what we perceived is that that bill, that  
18          document that we're going to give them in the future  
19          will have your photo photograph on it.

20          If you don't have that with you, they will  
21          look on the voter's list and say, "Do you have any other  
22          form of identification?" And whatever the Secretary of  
23          State can come up with what we need to use, or this one  
24          says two other forms of identification, I believe, that  
25          will be provided.

1 If you don't have any identification and your  
2 name is on the voter's thing, you will be able to sign  
3 an affidavit that you're who you say you are, and within  
4 ten days, you can come back and give them the document.  
5 You don't have to do a provisional, but you would have  
6 ten days to come back in and show an ID.

7 CHAIRMAN: So if you don't have the photo ID,  
8 you sign an affidavit, you cast a provisional ballot.  
9 If you do not go wherever you have to go, DPS --

10 REPRESENTATIVE HOBSON: In ten days.

11 CHAIRMAN: -- within ten days, then your vote  
12 does not count?

13 REPRESENTATIVE HOBSON: That is correct.

14 CHAIRMAN: Representative Anchia?

15 REPRESENTATIVE ANCHIA: And Mr. Hobson, one of  
16 the things you may want to think about, instead of  
17 making that a provisional is making it a regular  
18 ballot.

19 For example, if you're in this class of  
20 people, and I think that same letter that I gave you  
21 shows that there are about 809,000 Texans that did not  
22 put a driver's license number nor a Social Security  
23 number down on their voter registration card when they  
24 registered, so these are folks who may have limited  
25 access to documentation, I think the number is 809,041.

1 If we use that kind of as a baseline of people who may  
2 not have documentation, that is a finite number, we know  
3 where they are. If they come and swear under penalty of  
4 perjury and before witnesses and have their photograph

1 ballots (Inaudible.) You know, Senator Mike Jackson won  
2 his first election on 7 votes.

3 REPRESENTATIVE HOBSON: Let me just say in my  
4 experience in this, I won my last election on December  
5 the 23rd. That's when my opponent withdrew his election  
6 challenge. I had a recount after that. I won by 104.  
7 Then after the recount, I won by 121, so I'm very  
8 cognizant of how this works, but what we're trying to do  
9 on this is, what I'm trying to do is have a sensible  
10 economical way that we protect the integrity of the  
11 ballot, and whether we have to do it on provisional or  
12 whether we have to do it what, that's not really -- I'm  
13 giving the Secretary of State the ability to work a lot  
14 of this out.

15 NEW SPEAKER: I appreciate that. Let me just  
16 say that talking here about a driver's license and a  
17 concealed handgun license I don't like, because, for  
18 example, driver's license are renewed every six years.

19 NEW SPEAKER: What we need though is the  
20 photograph off of it, that's all we need.

21 NEW SPEAKER: Okay, as long as we don't put it  
22 on driver's license.

23 REPRESENTATIVE HOBSON: No, no, no, that's not

15 NEW SPEAKER: (Inaudible.)

16 REPRESENTATIVE HOBSON: They stamp on ours  
17 "Voted," so when we go down and cast our ballot in the  
18 general election, they pull that thing down and it's  
19 upside down.

20 NEW SPEAKER: They have never stamped a voter  
21 certificate. They always do in the primary but not in  
22 the general.

23 REPRESENTATIVE HOBSON: Yes, we stamp ours

2 NEW SPEAKER: I don't believe it is because we

4 REPRESENTATIVE HOBSON: I'll bring you my  
5 card.

6 NEW SPEAKER: That's okay. Well, okay, that's  
7 fine. I wanted to get things clarified. It has never  
8 been a problem in the 20 years that I've held elections  
9 for a picture ID.

10 REPRESENTATIVE HOBSON: Right.

11 NEW SPEAKER: The problem has been when people  
12 don't vote, they consolidate voting locations and then  
13 people can't find where to vote because they try to save  
14 money to cut back and they get mad (Inaudible) that put  
15 ID has never been a problem.

16 REPRESENTATIVE HOBSON: And the reason why I  
17 bring up the photo ID so much is because I have  
18 constituents in both parties that say, "I go to Wal-Mart  
19 and when I give them a check, I got to show an ID," and  
20 say, "You know, I think we can fix that." So that's why

4 NEW SPEAKER: With large print.

5 REPRESENTATIVE HEFLER: With large print, yes.

8 harder than I think it will be in putting it together,  
9 but I think we have the resources and I think we have  
10 the desire to do that, and I think as the great state of  
11 Texas, we can, and I'm looking forward to working with  
12 you.

17 CHAIRMAN: Representative Bohac.

18 REPRESENTATIVE BOHAC: I want to just say we  
19 got to unpack this thing because we're presented so many  
20 ideas and issues together. I want to unpack them one by  
21 one.

22 First of all, let me say this for the benefit  
23 of the committee. I believe this is a workable solution  
24 but I don't think it's the optimal but I think it is  
25 workable. Over the 8 years that Anchia and I have

1 served on this committee --

2 REPRESENTATIVE ANCHIA: Six.

3 REPRESENTATIVE BOHAC: Six for him. This  
4 always comes back to number two, okay. The reason  
5 number one works, a photo ID, is because most people  
6 already have a driver's license and/or a Texas ID card.  
7 That's the point that's being missed here.

8 The target audience we're trying to reach,  
9 based on the testimony that we have heard over the  
10 years, is that there is a small segment of folks who do  
11 not have --

12 There's a finite group of folks that do not  
13 have. This committee is trying to come up with a  
14 solution that would help this finite group of wonderful  
15 citizens get a photo ID or be able to vote, if they  
16 chose not to get one, to have a different methodology.

17 REPRESENTATIVE HOBSON: I understand.

18 REPRESENTATIVE BOHAC: With the two other  
19 forms of ID. But having said that, there is a benefit  
20 to having a photo ID beyond voting. It was alluded to  
21 in early testimony yesterday that a photo ID will  
22 actually help people become more successful in the state  
23 of Texas and in the United States in general because,  
24 because it helps mainstream people, and so while I see  
25 the benefit, I think your's is the number two solution,

1 because the number one solution is that it is reasonably  
2 -- it is, I think most members on this committee would  
3 agree that most people, that there is a finite set of  
4 people that do not have a Texas driver's license or an  
5 ID card. We need to figure out how to reach those  
6 people.

7 Now we heard testimony before your bill about  
8 this card. Well, the card, we got myopically focused on  
9 this card. That card is just communicating, a vehicle  
10 to communicate information. That information does not  
11 have to be communicated on that card, but that card  
12 does, on the other hand, contain very valuable  
13 information. It tells you where to vote. It tells you  
14 who you can vote for. So it's not -- it's almost like  
15 we're changing the subject and not making it about the  
16 card.

17 You could send out a letter that would  
18 accomplish the same thing when you register to vote and  
19 forget the card, okay, because a letter would say who  
20 you are, tell you where to go vote, what commissioner's  
21 precinct, state rep, state house, state senate and  
22 precinct and any other information they want to put on  
23 there, so we got --

24 You know, we're putting so many concepts  
25 together. I just want to say I like your bill. I think

1 it is a number two solution. Number one would be just  
2 to use the ID that most people already possess, and also  
3 if we help them get a standard ID, I think they will be  
4 more likely to become successful and mainstream and feel  
5 more part of this great place we call home, which is  
6 Texas. And with that, I want to thank you.

7 CHAIRMAN: Go ahead.

8 REPRESENTATIVE HOBSON: Excuse me, when I  
9 started doing this, I checked a lot of stuff, and I  
10 can't tell you which state agency I checked with but I  
11 said how many fake drivers license do you think are four  
12 blocks up the road here, and they said probably in the  
13 range of 8 to 10 thousand. So within four or five  
14 blocks of our capitol, with all the kids that go to our  
15 universities, there's probably several thousands fake  
16 drivers license out there, and you know, so it became to  
17 me, I said, you know, if we're going to have to show  
18 identification, which could be our driver's license,  
19 let's make sure we get a real driver's license or let's  
20 make sure we've got a real -- we have something real  
21 that we can go vote for so that the people, and you run  
22 these elections, and a lot of times you run them  
23 shorthanded and you run people that are not experiences  
24 and you run all these people.

2 document so that he can go to his polling place and say,  
3 "Oh, yes, come on in, Mr. Bohac, we appreciate you  
4 coming to vote," and that's what I'm trying to do.

5 NEW SPEAKER: Isn't it ultimately, Chairman  
6 Hobson, why, in my view, this should be the plan A and  
7 not the plan B, is that this is, voting is a sacred  
8 right, and if government is going to infringe on that  
9 right, maybe the burden should be on the government to  
10 produce that new ID and give it to you rather than  
11 putting the burden on the voter to do, and that's why I  
12 like your proposal more than the others, because here it  
13 says, "Hey, Secretary of State, give them the photo ID,  
14 give them the secure document, give them the voter  
15 registration certificate at your cost." We can't do  
16 democracy on the cheap. You say, "Well, it costs  
17 money." Well if you're going to enfranchise people and  
18 do democracy, you got to spend a little money too.  
19 That's why I think you've got a good bill.

20 In that letter I just gave you, can you open  
21 it up to page three really quickly?

1 about people are falling in love with this 1.2 number or  
2 2 percent number for people who do not potentially have  
3 voter ID, but in the breakdown that we got from the  
4 Secretary of State, there are a couple of interesting  
5 observations about the voter file.

6 The number of people on the voter file, the  
7 statewide voter file that registered using their  
8 driver's license, 5,600,000 roughly. See where I'm  
9 reading from?

10 The number of voters who registered with a  
11 Social Security number but not a driver's license,  
12 250,000 roughly. The number of voters who did it with  
13 both, about 4 million, and the number of voters who  
14 didn't have either, about 809,000. So it's not an  
15 insignificant number of folks that we're talking about.  
16 Whether you use the \$150,000 to 400,000 that we heard  
17 yesterday or you use, or you can extrapolate from the  
18 numbers that you have, this is no joke.

19 I mean, these are people who are registered,  
20 these are Americans, these are Texans, and my view is if  
21 you're going to erect additional barriers, the  
22 government needs to be responsible for providing folks  
23 the ID, so I laud your, I laud your bill, and again,  
24 want to work with you. I think it makes a lot of sense.

1 Mr. Chairman, I agree with my friend Representative  
2 Anchia. If we want to shift the burden back to the  
3 state for helping you achieve that photo ID, I'm all for  
4 it, and if that takes some technology similar or some  
5 processes that we would use with your concept, I'm okay  
6 with it.

7 I think in general, we're all getting very  
8 close to saying similar things, and anyway, I'm glad  
9 Anchia is seeing it my way. Just kidding. I'm not hung  
10 up on a card or a piece of cardboard or a size. I think  
11 we've got people that are smarter than I in technology  
12 that can come up with it. You know, I don't want to put  
13 a chip in my elbow. You know, I think I'll draw the  
14 line there. But other than that, I think we can come up  
15 with something and we can come up with something that we  
16 can renew, and every year, we have to register, we can  
17 do that, and I think with technology, we can.

18 NEW SPEAKER: I think you have a great idea  
19 and I appreciate it. I know your heart is in the right  
20 place and you meant this to be very serious legislation  
21 to be considered by this body, and I appreciate that.

22 REPRESENTATIVE HOBSON: Well, I think Lois  
23 Bowles would be proud of me except she died a couple  
24 years ago. I mean a couple months ago. But thank you  
25 very much, and I'll close and give you the ability or

1 whatever you want to do with it.

2 NEW SPEAKER: Let me say, I think that's  
3 really the issue that this committee has been struggling  
4 with throughout this testimony, is how we make sure that  
5 that 2, 4, whatever percent it is, percent it is,  
6 percentage of people who do not already have photo ID's  
7 have the documentation that is necessary to allow them  
8 to vote. And I think what the only objection that I  
9 heard from Representative Bohac to your concept was that  
10 he didn't see any purpose in providing 90 something  
11 percent of our constituents with an additional form of  
12 photo ID.

13 REPRESENTATIVE HOBSON: Right.

14 NEW SPEAKER: There's just no costs  
15 associated, no reason to do that, and I think we all  
16 agree that it is our responsibility to find a mechanism  
17 by which everybody has no unreasonable barrier to the  
18 ability to vote.

19 REPRESENTATIVE HOBSON: Right.

20 NEW SPEAKER: And of course, the Senate thinks  
21 they've come up with that. To the extent that we hear a  
22 lot of testimony that indicates that there are lots of  
23 people out there, like the homeless guy that had his  
24 back pack stolen, and I think we are all interested in  
25 taking that into consideration, but that is the

1 question, is whether or not what the Senate has done is  
2 create a situation that is not available to that two to  
3 four percent, whatever it is, and that is, I think it's  
4 still an outstanding question. Where I'm not quite  
5 clear on the extent to which the answer is no, I'd like  
6 to see more evidence on that.

7 I heard one lady today said they might go to a  
8 private university. I think we can absolutely all agree  
9 to add that to the list. I think the question is how  
10 many voters are there that do not have in their  
11 possession today the documentation that would be  
12 required to vote under the senate bill.

13 REPRESENTATIVE HOBSON: Right.

14 CHAIRMAN: I haven't heard a lot of testimony  
15 from people who said there are people that fit that  
16 category. I'm very interested in testimony that would  
17 suggest that there are people out there who do not have  
18 that documentation.

19 Yes, Representative Hefler?

20 REPRESENTATIVE HEFLER: Mr. Chairman, maybe  
21 something to think about is we focus starting this on  
22 the two to four percent, the homeless guy, help  
23 Mr. Hester and his citizenry, others like that, and  
24 eventually phase it in.

25 I mean, if we're going to go to the real ID

1 eventually, I'm not saying I don't oppose that, don't  
2 support it, but that's where we're headed, maybe that's  
3 something we can consider. You know, that way, we would  
4 spread the cost out over six, eight years, because  
5 everyone can still vote that has ID, they got the ID.  
6 We provide those that don't have an ID a means to do  
7 it.

8 We talked about voter registration trucks  
9 going around. We can have a photo thing on that truck  
10 and go to Radio Shack and spend \$500 and get everything  
11 we need to take the photo.

1 time, the Chair lays out House Bill 362 as pending

9 Please state your name again on the record and

11 MS. MICCA: Hello. My name is Alice Micca and  
12 I represent myself in support of SB 362. I'd just like  
13 to say that election results can be corrupted when  
14 inadequate safeguards are in place. Let me give you an  
15 example. March 4, 2008, precinct 52, Collin County  
16 caucus. In this caucus, ID's and registrations were not  
17 validated for all exhibits. The sign-in sheets were not  
18 controlled. At the end of the night, the exhibits were  
19 tallied, delegates were allocated. A few days later, I  
20 personally validated the results. Sheets were missing,  
21 including the sheet with my name. Of the 200 names that  
22 they were collected that evening, 94 were actually  
23 available for review, and based on this analysis, 14  
24 names on this list were ineligible.

25 This means the delegate allocation was skewed

1 and basically my vote was cancelled, lost, whatever.

2 When you go to cash a check, board an  
3 airplane, use a credit card, you're required to produce  
4 a photo ID. A law requiring a photo ID would have  
5 allowed my vote to count.

6 I've heard some concerns expressed about the  
7 photo ID's being too hard on the voting public. I think  
8 we should ask some people like my father. He's a World  
9 War II veteran that served in the military until after  
10 the Vietnam war. We could ask our troops, who put their  
11 lives on the line every day. They sacrifice so that we  
12 have a choice. A photo ID would have ensured their  
13 sacrifice is not squandered or misused, and a photo ID  
14 would ensure the integrity of our election process and  
15 the validity of the results. I apologize for my  
16 nervousness. Thank you for listening.

17 CHAIRMAN: Members, are there any questions  
18 for the witness?

19 Thank you for your testimony.

4 Let's see, I was going to say, Mr. Chairman,  
5 but we seem to have lost the chairman. Members of the  
6 committee -- oh, you're the chairman. Okay.

7 CHAIRMAN: If you would introduce yourself.

8 MS. PRIVIT: I'm Anita Privit, representing  
9 the League of Women Voters of Texas. I'm pleased to be  
10 here today to express the League's support for full  
11 voting participation by all eligible citizens and our  
12 opposition to efforts to create new barriers that block  
13 citizen voter participation.

14 We believe that Senate bill 362 would turn  
15 back the clock. Excuse me, I'm out of breath. And  
16 erect unnecessary barriers to Texas voters. We want to  
17 be very, very clear, this is a bad bill. For more than  
18 89 years, the League of Women Voters has worked to  
19 educate the electorate. Registered voters make  
20 government at all levels more accessible and responsible  
21 to citizens.

22 Some had suggested that requiring a voter ID  
23 at the polling place will prevent voter fraud. Thanks.  
24 Sorry. We in the League do not share that view. Voter

1 problem in Texas or any place else that we can determine  
2 since the HAVA Act was implemented.

3 Actually determining whether a person matches  
4 their photo ID when it is presented can be a very  
5 subjective and open -- can be very subjective and open  
6 to discrimination.

7 Voter ID requirements disproportionately  
8 effect the elderly, young people, racial and ethnic  
9 minorities and persons with disability. This bill  
10 offers alternates types of documents, along with a voter  
11 ID, to establish a voter's identity.

12 Can we ensure that these requirements will be  
13 uniformly implemented across Texas so that all voters  
14 are qualified with the same results?

15 Lawfully implementing this bill will require  
16 significant expenditures of time and money to train  
17 election officials and temporary poll workers so that  
18 they will be able to understand how to do their job in a  
19 uniform manner. Laws that are not or cannot be  
20 uniformly enforced are unjust. Voting is our most  
21 fundamental expression of citizenship. The expansion of  
22 the franchise to include all Americans, regardless of  
23 race, ethnicity or sex is one of the great successes in  
24 the evolution of American democracy. Breaking down

1 prove it. So then if it's not happening, then if it's  
2 not broken, don't fix it.

3 I think -- I think, I agree with a lot of the  
4 people that are against it. It's going to -- it's going  
5 to create -- as it is, we can't even get the people out  
6 to vote. I think for the first time, we got so many  
7 people this time, and then creating barriers and  
8 obstacles, and there's already a process, because if you  
9 forget your voter registration, you have to show an ID.  
10 They will not let you vote until you show that it's you,  
11 and I don't know, maybe because all Mexicans look alike,  
12 so they say. I think that was a cheap shot. But I  
13 thought I'd mention that.

14 But I think you really need to look at this  
15 seriously. It's going to cost a lot of money. Do we  
16 really need to spend that money in the crisis that we  
17 are? And so I think you really need to study this and I  
18 don't think we need to proceed with it.

19 My recommendation is that we're doing such a  
20 great job already in getting -- and we just finished  
21 training the seniors, most of the seniors how to use the

19 they have individuals or groups of citizens that are  
20 well organized, well funded, and they know this, and  
21 they don't prosecute, that reminds me of the RICO act.

22 In my opinion, DAs should be brought to

4 Earl and Reba Hines of Bowie County was killed  
5 in an automobile accident on Highway 59 but voted in  
6 person in the general election. Today's technology can  
7 easily reproduce a voter registration card, and after  
8 someone votes with your registration card, there's no

11 Ira Stuart and Doris Miles stated that they  
12 did not request an absentee ballot by mail but received  
13 one. Copies will show Mr. Stuart's application, his  
14 first name is wrong and his signature does not match.  
15 Copies will also show Mr. Stuart's voter registration

1 be the only one to be able to vote in person or apply  
2 for a ballot by mail in the future.

3 The LBB reported the DPS would be prohibited  
4 from charging a fee for personal identification  
5 certificate for the sole purpose of voting, and since it  
6 would be free, everyone could afford it. And if it  
7 happened to cost the state a few dollars, well, it would  
8 be worth every penny. The integrity of the election  
9 process is worth more than any dollar amount.

10 My grandfather fought and many have died  
11 protecting our freedom. Our vote, which is our voice,  
12 it is the right to express each individual's freedom to  
13 elect the leader of his or her choice. Once lost or  
14 stolen, you can't replace it, you can't get it back, and  
15 I am in favor of the voter ID bill, and likewise, ask  
16 you to pass it.

17 CHAIRMAN: Ms. Hicks, thank you for your  
18 testimony. Members, are there any questions for the  
19 witness? If not, we thank you very much for your  
20 testimony. Have a safe travel back to Texarkana. My  
21 in-laws are from Texarkana. I love your accent.

22 MS. HICKS: It's good to get back over here.  
23 I'm a little winded, but thank you.

24 CHAIRMAN: The Chair now calls Jonathan Hill,

Jonathan, if you would state your name and tell us who you represent.

MR. HILL: My name is Jonathan Hill. I'm representing myself. I'm from McLennan County. I'm a high school student so I guess I'm kind of representing that age group more than anything else. I'm also 17 years old so I can't technically vote right now, but I'm trying to protect that, that issue for me personally.

I know for high school students, it can sometimes seem like voting is more of an adult game, I guess, that we're not really able to be involved in, and I know that regulation to youth seems to come across more and more as a negative thing, and especially for me personally and the students that I work with at my high school, we look at that kind of thing, and honestly, I have no problem with, with preventing voter fraud. That's not an issue to me at all, and I think that's something that's absolutely necessary and something that I think it's great that this committee is looking, that's looking to improve on, but as far as making something seem more -- I mean, this is seemingly a bill that would make this process more difficult for several different groups, including students.

And as the (Inaudible) of the Vice-President of the Texas Young Democrats said, she was talking about

1 the issue with out of state students, and I think that  
2 was something you all talked about improving on the  
3 bill. This is going to be a process that's going to be  
4 very lengthy and very complicated for students that are  
5 out of state or even out of county, as she stated for  
6 herself, and that's going to be the same thing with me  
7 as I move from Galveston to McLennan County, so with  
8 that kind of thing, I found issues with the current  
9 system, trying to get kids in my school registered to  
10 vote.

11 Now to say to those kids, hey, now go get your  
12 Social Security card, or go get, you know, a utility  
13 bill, or something like that, to go register to vote,  
14 you're making a system more complicated for students  
15 that, that are, you know, trying to find ways to get  
16 into the system, you know.

17 They're not going to jump into a system that's  
18 requiring more than they're willing to put into it.  
19 That was a big issue for us trying to get students to  
20 vote and that's just an issue that I've had over the  
21 past year, trying to get students to register to vote in  
22 my school and to get those seniors that have that area  
23 of leadership to step up and be willing to vote, and  
24 whenever you increase restrictions or, you know, make it  
25 harder for them to register to vote and make that system

1 more complicated, I mean, I'm not going to lie, we are,  
2 in McLennan County, we're one of the most conservative  
3 areas in the state, and you're telling these kids, you  
4 know, I'm a Democrat, and so I'm standing up to these  
5 kids, them knowing that I'm a Democrat and telling them  
6 to go register to vote.

7 I mean, it's hard enough to get them register  
8 to vote coming from my mouth, and there's no one else  
9 telling them to, so whenever I can't get them to do it  
10 now, it's going to be more complicated to do whenever we  
11 increase these restrictions.

12 CHAIRMAN: Mr. Hill, you understand we're not  
13 adding on anything to the voter registration process?

14 MR. HILL: It's just more complicated and it's  
15 going to be a whole lot more complicated to explain to  
16 them. I mean, obviously we've had plenty of issues  
17 today with some different views on this issue and it's  
18 complicated to explain in this room, you know, with  
19 representatives and with county officials and with  
20 polling place officials, it's hard to explain to people  
21 here exactly and get a clear idea of what we're doing,  
22 so think about that, taking that back to high school  
23 students that don't know much about the process and try

7 REPRESENTATIVE BROWN: I'd like to commend you

22 I live in a rural area and that's where my precinct is

8 Rusty Hicks, testifying in favor of Senate bill 362 and

11 MR. HICKS: My name is Rusty Hicks. I'm from  
12 Bowie County in Texarkana, Texas. My friend and I drove  
13 about six hours here to testify in front of the Senate,  
14 and again today, we drove about six hours yesterday and  
15 stayed overnight to see you good folks that are doing  
16 such a great job here on the house.

17 I was ready to testify about specific evidence

1 ongoing investigations.

2 I've been involved in ballot secure since  
3 1996. I've testified in front of grand juries on ballot  
4 fraud, especially in absentee ballots. I've been before  
5 the Texas legislature, (Inaudible) Sergio Munoz, in  
6 Dallas, Texas in 1996, and also I've turned in an  
7 investigation in 2004 that went before the Attorney  
8 General that got three indictments and convictions of a  
9 city council lady by the name of Willie Ray in  
10 Texarkana, Texas, in Bowie County, that ended up suing  
11 the Attorney General, the DNC and Attorney General for  
12 civil rights violations with, I guess, the purpose of  
13 denying the Attorney General's right or his duty to  
14 prosecute these laws that actually have been violated.

15 With that said, the current investigation we  
16 have that we are working on now is not just about  
17 absentee ballot fraud, it's about people voting from  
18 across -- we live in a twin city, Texarkana, Texas and  
19 Arkansas. In the '04 and '06 elections, where I was,  
20 basically '06 to '08, I was ballot security chairman of  
21 the Republican party of Bowie County. We witnessed  
22 Arkansas residents and Arkansas license plates coming  
23 into precincts across Texas, going in with voter  
24 registration cards, leaving, getting in Arkansas  
25 licensed vehicles and going back across state line.

1 Poll watchers inside that we had were  
2 verifying that these people were voting. Now I can't  
3 give you these sign-in sheets. I did not bring those  
4 with me today, but what I can tell you is that after  
5 investigating, since 1996, absentee ballot fraud and  
6 mail-in ballot fraud and mail-in ballots, we have got  
7 convictions in Bowie County, they have been upheld, and  
8 they did result in causing the taxpayers hundreds of  
9 thousands of dollars, and it also cost the DNC. We had  
10 testimony it cost them about \$500,000 in the case of Ray  
11 vs. The State of Texas and the Attorney General of  
12 Texas. So when it comes down to absentee ballot fraud,  
13 I am pretty much very informed in terms of what it will  
14 take when it comes up in the future for you guys to work  
15 on problems with absentee balloting. You ask a lot of  
16 people what do you think it will take to take voter  
17 fraud and absentee balloting.

18 One thing it will take is active prosecution,  
19 not selective prosecution by DAs that we have in Bowie  
20 County or any other county. Thank you, sir.

21 CHAIRMAN: Did you say three convictions?

22 MR. HICKS: Three indictments, three  
23 convictions. They pled guilty to possession of mail-in  
24 ballots in Bowie County. Also not signing a witness,

1 This is called the technical term of ballot harvesting  
2 in Bowie County. We have the epidemic of election fraud  
3 that everybody denies or everybody wants to see.

4 CHAIRMAN: Okay. And so you also described  
5 what you believe you witnessed, and that is voter  
6 impersonation, where people vote on both sides of the  
7 state line in Texarkana?

8 MR. HICKS: Yes, sir. I didn't say voter  
9 impersonation; where they are not eligible to vote in  
10 the state of Texas and people vote are from Arkansas  
11 into the state of Texas.

12 Now when it comes to the voter ID bill was  
13 actually to be involved in the actual testimony, this is  
14 the part of the testimony that I have been advised not  
15 to reveal but all I can give you is that we have people  
16 voting from residencies and addresses that no one lives  
17 in. And this is not just an isolated incident in Bowie  
18 County, and I have brought actual evidence of this that  
19 it does happen and it is a reality, but I'm reluctant to  
20 hand it to you as of this date.

21 CHAIRMAN: Sure, and I don't want you to, but

1 Do you represent that there are people in your  
2 town -- and I'll just represent that there are some  
3 indication in the documents behind me and stuff that I  
4 had read this could have occurred in Kansas City, which  
5 is another city that's on a state line, where there  
6 might be a peculiar and particular temptation on the  
7 part of certain voters if they're really into a  
8 presidential candidate, for example.

9 MR. HICKS: Yes, sir.

10 CHAIRMAN: To try to get about twice as much

12 Are you aware of that type of activity  
13 occurring in Texarkana?

14 MR. HICKS: As far as impersonating an actual  
15 voter, the incident that my wife testified to earlier  
16 was an uncle and aunt of my mother, actual residents in  
17 Bowie County that passed away in a car accident and  
18 actually voted, and the reason why we know this, because  
19 we do -- our kinfolk was also election judge for years  
20 and years, Ms. Betty Hines, and she was the election  
21 judge at that time, and they did, they did come up on --  
22 of course, she had clerks and alternate clerks and all  
23 that, and they did come up on the roll but she did not

1 witness someone actually signing in the sign-in sheet,  
2 but the kin folk of ours were on the sign-in sheet and  
3 the election judge did witness the sign-in sheet, and  
4 also the assistant election judge, Mr. Roy Stinett, was  
5 there also and they had a wonderful conversation on how  
6 did this happen, because we were all directly kin to  
7 these folks.

8 Now as far as the voter ID bill goes and what  
9 I wanted to testify to would be, you know, if you have a  
10 proper accurate, it's not just only having a voter ID,  
11 in my opinion, it's having an accurate, legal and  
12 accurate current voter ID that would either make you  
13 eligible or ineligible to vote at a certain precinct.  
14 Whether you're voting from precinct to precinct you  
15 shouldn't be or you designate a legal residency that you  
16 actually have on your voter registration card, and those  
17 are hard to prove but they can be proven.

18 Election crimes can be investigated and can be  
19 proven. It takes a little hard work and some money to  
20 do it but it can be done.

21 CHAIRMAN: Any other questions, members?

4 MR. HICKS: Texarkana, Texas.

5 REPRESENTATIVE VEASEY: Have you run for  
6 office in Texarkana before?

7 MR. HICKS: Yes, I have.

8 REPRESENTATIVE VEASEY: Were you successful in  
9 running?

10 MR. HICKS: No, sir, I haven't.

11 REPRESENTATIVE VEASEY: Is that the reason you  
12 have had past run-in's with Ms. Ray in the past?

13 MR. HICKS: I would not call that run-in's  
14 whatsoever. I am an Republican now, but in 1992, I ran  
15 as a Democrat candidate for county office back then, and  
16 that is where I learned the process of election fraud  
17 and absentee ballots, being inside the Democrat party in  
18 Bowie County. I can't speak for other counties across  
19 the state of Texas of what goes on there but I am very  
20 well aware of the process of ballot harvesting in Bowie  
21 County.

22 Now with that said, I've been very active in  
23 trying to get, you know, fair prosecution to whoever  
24 commits a crime in the election process. Whether they  
25 are R or D, it makes no difference to me.

13 American Investigators International out of Dallas,  
14 Texas to go in, we sent to certain addresses that we

1 MR. HICKS: There was an incident over at the

3 voting precinct where we was -- the poll watcher was  
4 witnessing the Arkansas plates coming and voting and  
5 leaving and going back to Arkansas, the residence

7 There was an incident of a poll watcher being

16 MR. HICKS: No, it had nothing to do with  
17 that. What it was, was a poll watcher was being  
18 threatened by people that was in the voting place who  
19 actually really shouldn't have been there at all -- they  
20 wasn't even voters -- being threatened because he was  
21 there overlooking the process. That's all that was  
22 about.

23 REPRESENTATIVE VEASEY: Okay. So you're  
24 saying --

25 MR. HICKS: That was pretty much mistaken

1 identity of anything, as far as that goes.

2 REPRESENTATIVE VEASEY: Did you ever use poll

4 MR. HICKS: Oh, absolutely not. Poll watchers  
5 is there for a reason, they're to observe, and this is a  
6 violation. Their job is to bring a violation to the  
7 attention of the election judge.

8 REPRESENTATIVE VEASEY: Have you ever  
9 presented yourself or represented yourself as working on  
10 behalf of the Attorney General of Texas, Greg Abbott?

11 MR. HICKS: No, sir, I never have. That come  
12 from an election administrator in Bowie County.

13 REPRESENTATIVE VEASEY: You never told anybody  
14 you were assisting the Attorney General?

15 MR. HICKS: In all actuality, I have assisted  
16 in the investigation that caused the indictments, the  
17 investigation that caused the grand jury and got the  
18 actual --

19 REPRESENTATIVE VEASEY: Are you a licensed  
20 attorney in the state of Texas.

21 MR. HICKS: Oh, absolutely not.

22 REPRESENTATIVE VEASEY: So you know that you

7 REPRESENTATIVE VEASEY: Have you ever been

9 MR. HICKS: Yes, I've been accused, and I know  
10 --

11 REPRESENTATIVE VEASEY: Why? Why were you  
12 accused of illegally serving as a poll watcher?

13 MR. HICKS: Well, that was pretty much a  
14 misunderstanding. It was a city race to where Mrs. Ray  
15 was running for, a city council race. Okay, with that  
16 said, there was a lady that had asked me to poll watch,  
17 which Ms. Barbara Adams was a candidate, which we also  
18 supported, which was an African American also, a real  
19 nice lady that deserved the job too.

20 Okay, we would go up to the city council and  
21 she signs us in as poll watchers, and there was -- we  
22 considered we had a gray area where it was kind of  
23 called to our attention, and we made a phone call to the  
24 Secretary of State and it was -- Let me see. One of the  
25 largest Secretary of State's, and he said this is a gray

1 area. We probably advise that you do not be poll  
2 watchers. But I will tell you this, I did not falsify a  
3 government document. I put down my correct and current  
4 and legal accurate address where I lived, presented it  
5 to the county clerk before we did do a little bit of  
6 poll watching.

7 REPRESENTATIVE VEASEY: But you were illegally  
8 serving as a poll --

9 You weren't supposed to be a poll watcher at  
10 the poll that you were working at, right?

11 MR. HICKS: Well, that's kind of a gray area  
12 at this point in time. When it was observed, the  
13 Secretary of State's attorney said it's a gray area, you  
14 really shouldn't be there, because the law did not say  
15 the city of your voting jurisdiction or if you live in  
16 the -- it didn't say that you had to live in Ward 2,  
17 put it that way, exactly, so we had to get  
18 clarification.

19 REPRESENTATIVE BROWN: Excuse me.

20 REPRESENTATIVE VEASEY: I just have one more  
21 question, Representative Brown.

22 REPRESENTATIVE BROWN: Excuse me, Mr. Hicks,  
23 Mr. Hicks, if I could, Mr. Hicks, you are not on trial

1 questions.

2 REPRESENTATIVE VEASEY: Ms. Harper-Brown, he  
3 needs to answer them.

4 REPRESENTATIVE BROWN: He's here to testify  
5 for or against the bill, not on his bad rap.

6 CHAIRMAN: Members, members, members.  
7 Please. Is there anything else that you would like to  
8 say in testifying before the committee today?

9 MR. HICKS: Only that obviously I'm for the  
10 voter ID bill and ballot security. That doesn't take  
11 away anybody's absolute right to vote. It can only  
12 upgrade the integrity of the election process, and  
13 that's why I'm here today, is because we, we are --

14 I will say this. Election fraud in Bowie  
15 County begins in the Democratic primary, Democrat on  
16 Democrat. All the evidence that's ever been produced to  
17 any agency whatsoever was from the Democrat primary, not  
18 a general election. I will tell you that.

19 With that said, I aptly support and help  
20 candidates on both sides of the aisle, and I think  
21 that's what any good person should do, and I'm here to  
22 give this testimony. I wished I could give it all to  
23 you, but maybe when it comes back to absentee balloting

25 would be more than happy to come back and see if I can

9 CHAIRMAN: Just to be clear for the record, as  
10 it's presently written, you're against it?

11 MR. TYSON: I'm firmly against it. As I

1 this position. In my opinion, we have two parties that  
2 have dug in so deep they don't even know where they're  
3 at.

4 This is a major issue with me. I've been run  
5 off the polls as a kid by other kids. You go home  
6 crying, you come back. I have been in two knock down  
7 drag out fights at the polls. I don't like it. It's no

9 respect what you do and the time you put in and the  
10 torture your families go through because you're up  
11 here. I understand all that.

12 When I got out of the Marine Corps in '60,  
13 politics in Missouri County had gone sour. My  
14 grandfather was a chair in the '50s. We elected a  
15 senator and a state rep. I thought my job was to keep  
16 them here. They were doing a good job.

17 I officed with one of them when he was Dean of  
18 the Senate. I've been through Deans of the house, I've  
19 been drug out of the capitol. The last session was the  
20 Dean of the house. I was in his office. I had a key.  
21 It used to be the offices of this capitol belonged to  
22 the representatives and the senators. Those were their  
23 offices. There was no keys to the capitol. The  
24 constitution let us walk in and out. Also, the

1 Now we're in the position we're going back to  
2 carpetbagger days, where some Texans can vote and some  
3 Texans can't vote, and the State Police, you're going to  
4 give the State Police the right to let us vote. Is that  
5 what I'm hearing? That's carpetbagger days. That's who  
6 can vote and who can't.

7 If you were a Texan, by God, you couldn't vote  
8 for ten years. A hundred years later, we started  
9 electing Republicans. Now they're back. I'm a  
10 Democrat. That doesn't mean anything. I'm in a county  
11 that was most Democratic county in this state when  
12 grand-daddy was chairman. Now it is the most Republican  
13 county in this state. Things go around. We meet  
14 ourself coming in the door, but the bill itself, where  
15 we're at, why can't we just -- I hear all the  
16 testimony.

17 Why is it we got a voter -- the state has a  
18 picture of most of the voters. Why don't you just send  
19 us a voter ID with that picture on it? And four years  
20 later, four years later, for the next presidential  
21 election, there may or may not be legislation, but kick  
22 it in then and put Texas not behind the curve,  
23 Mr. Chairman, don't let us drag the rear end of this

19 judge, and since I had appointed him as precinct chair,  
20 they knew me in that precinct. It used to be the rules,  
21 Mr. Chairman, where your precinct judge had to be from  
22 the precinct, that the election in the city had to be  
23 within the city.

24 When Hart Graphics codified the election code,  
25 it wasn't this wide, it was a little book. It's tough

1 out there. The identification is necessary for the  
2 people working the polls. The people working the polls  
3 need to be able to get their job done.

4 If we had it on the computer, I walk in and  
5 say my name is, and they type it in and up pops my  
6 picture with my information, which is easy. Why can't  
7 we do that.

8 CHAIRMAN: Let's give you an opportunity to  
9 respond to any questions the members might have. Any  
10 questions of Mr. Tyson, members? Any questions?

11 Thank you. Thank you very much for your  
12 testimony. I appreciate it.

13 At this time, the Chair calls Gilberto  
14 Hinajosa. He had to leave. I will show him as not  
15 testifying but against Senate bill 362, and representing  
16 himself.

17 This time, the Chair calls Crystal  
18 Molina. Are you here with us, Crystal? I don't see  
19 Crystal. Will indicate that she was representing Brown  
20 County Election Administration and Voter Registration  
21 and is against Senate bill 362, and show her not  
22 testifying.

23 At this time, the Chair calls Bea Whitlock.  
24 Come on down. I feel like Bob Barker.

25 MS. WHITLOCK: Good evening.

1 CHAIRMAN: Please state your name and who you  
2 represent. You're here to testify for Senate bill 362,  
3 is that correct?

4 MS. WHITLOCK: Yes.

5 CHAIRMAN: State your name and who you  
6 represent.

7 MS. WHITLOCK: My name is Bea Whitlock. I'm  
8 from Mission, Texas, in Hidalgo County.

9 CHAIRMAN: And you're speaking on behalf of --

10 MS. WHITLOCK: Of OWLS, which is Objective  
11 Watchers of the Legal System.

12 CHAIRMAN: Okay. Thank you. Please proceed.

13 MS. WHITLOCK: Now I consider myself a senior  
14 citizen. I'm not in a nursing home yet, and I hope I  
15 won't be for awhile, but I don't have any problem going  
16 anywhere to vote.
